

We set out to offer you the freshest and most delicious of nature!
We invite you to this journey full of health and taste.

MAVİ MEYVE SEBZE brings a new breath to the dried fruit and vegetable industry. We are here to support a healthy lifestyle by processing the purest and nutritious products that nature offers us.

MAVİ MEYVE SEBZE prioritizes quality and safety above all else. We aim to offer the freshest and most nutritious products by working meticulously in all processes from field to table. Our products are produced in accordance with the highest quality standards and undergo strict quality control at every stage.

MAVİ MEYVE SEBZE attaches great importance to sustainable agricultural practices and environmentally friendly production processes. We constantly strive to protect natural resources and leave a livable world to future generations. We contribute to our environment by taking an active role in waste management and recycling.

We invite you to join **MAVİ MEYVE SEBZE** family. Let's embark on this delicious journey from nature to our tables together!

MAVİ YEMEK, which started its operations in 2010, offers a comprehensive range of services in the food industry. Initially, it aimed to provide quality service to its customers by operating in the fields of food product services, fresh fruit buying and selling, transportation and waste management. Our organization has successfully gained a place in the sector in a short time with our experienced staff and customer-oriented approach.

In 2023, our company decided to grow and expand and focused on the production of dried fruits and vegetables under the name **MAVİ MEYVE SEBZE**. Our new facility combines modern technology and best practices to ensure the production of high quality products. This step further strengthened Mavi Yemek Company's leading position in the industry and allowed us to offer a wider range of products to our customers.

Today, as **MAVİ MEYVE SEBZE**, we continue to move forward with our mission of offering healthy, delicious and quality products to our customers. We will continue to work to maintain our leadership in the industry and provide the best service to our customers in the future.

MISSION: "As **MAVİ MEYVE SEBZE**, we are determined to offer the freshest, natural and nutritious dried fruits and vegetables to our customers. We aim to contribute to the healthy lifestyles of our customers and satisfy their tastes with our quality products. By adopting an environmentally friendly approach with sustainable agricultural practices, we support our communities and we are working to leave a better world to future generations.

PRODUCTION

The dehydration system optimizes food preservation by swiftly eliminating moisture, employing precise heat and airflow management to enhance shelf life and maintain food quality.

Dried products are the only food group that has the all natural value and pure flavor

Working with farmers directly provides cheaper operational cost and more quality control

Our products are dried under the sun and in special ovens. The most natural delicious products are produced by preserving their nutritional values. Our products, which do not contain any additives, are ready-to-use, safe and convenient for both industrial production and direct consumption.
